

**ROBERT L. PETERS, ATTORNEY**

I'm tossing you a life ring ...  
Will you reach out and grab it?

Dear Friend,

I'm puzzled, and frankly, a little concerned too.

This is now the third time I've reached out to you offering you help to get out of debt and restart your life.

If you're not going to take action now, I'm going to have to assume you just don't want help. I'm going to assume you're content with the status quo of your debt-ridden life.

I'm going to have to move on to someone who is serious about getting out of debt and improving life for themselves and their family.

The "How to Get Out of Debt" special report you received from my office is yours to keep. So is the bank bag. I hope you'll be able to fill it with cash someday. There's also a wealth of valuable information available to you on my website: [www.RestartYourLifeJax.com](http://www.RestartYourLifeJax.com).

**I've done all I can for you until you reach out and ask for help!**

If you DO want help, all you have to do is pick up the phone and make a simple call too.

**Call 904-421-6907** in Jacksonville (or **904-491-1083** if you're in Fernandina Beach/Amelia Island) for your free, no obligation consultation. We'll have a conversation, and I'll help you come up with a plan to get out of financial trouble and restart your life.

If you've been sued, it's vitally important that you secure legal advice as soon as possible. I hope you'll allow me to help you.

If you've already retained a lawyer for this matter, please disregard this letter. I've sent you this letter because I have been given your name as someone who is behind on their credit card debt or other bills. My knowledge about the specifics of your case is limited to the information that I was given.

The life ring I'm offering you is real. I've helped hundreds of people get out of debt and restart their lives in the decades that I've been practicing law, and I know I can help you, too.

Please call today!

Sincerely,

Robert L. Peters, Attorney

**P.S. Grab the ring and get out of debt! You CAN restart your life!**

Here's what a few of them  
say ...

**Best Decision We Made**

"My husband and I were young and got ourselves into debt. We tried paying it off over the years, but when we started a family it just got to be too much. Robert and his staff made us feel like we were making the right choice, not like we were just giving up. Michelle was especially wonderful and kept in contact with us every step of the way, even when it was just me emailing her worried and needing some reassurance. Filing has given us room to breathe, and now we are making much better decisions with money thanks to the great advice Robert and Michelle gave us. I would recommend Robert and his staff to anyone."

**Awesome**

"Mr. Peters and the staff were helpful. I found them to be professional and would recommend them to anyone ... They explained things and worked with me on a schedule that worked for me. I personally think they went out of their way with helping. Thank you so much!"
